

GANGADHAR K

.NET Developer with 8+ Year of Experience

Contact

Email : ksrigangadhar@gmail.com

Mobile: +971 588804481 (UAE)

+91 9866924745 (India)

Skill Set

Programming Languages:

C#, OOP, Asp.Net, ADO.NET Asp.Net MVC, Web Services, Web API, .NET Core, REST API and Micro Services

Scripting Languages:

ReactJs (V 10+), jQuery, AngularJS, Bootstrap, Ajax, Type Script, NodeJs and Angular (v 9 – 13+)

Version Control:

Git and SVN

Development Methodologies:

Agile, DevOps (CI/CD pipeline)

Cloud Computing:

Azure (Intermediate)

Database Concepts:

SQL SERVER and Oracle and MySQL

ORM Mapping Tools:

Entity Framework, and NHibernate

Authentication/Authorization:

Active Directory, OAuth and JWT

Reporting Services:

Crystal Reports

Third Party Integrations:

Payments, SMART PASS and UAE PASS

Education

Master's in Computer Application (MCA)

Bachelor of Computer Science (B.Sc)

Profile Details

Name:	GANGADHAR KARATLAPALLY		
Nationality:	India	Qualification:	Master's (MCA)
DOB:	20-08-1988	Gender:	Male
Marital Status:	Married	Notice Period:	Immediate Joiner

Previous Job

Job Title:	Senior Software Engineer
Vendor:	Ampersand Information Technology LLC, Abu Dhabi – UAE
Client:	Department of Municipalities and Transport (DMT), Abu Dhabi - UAE

Professional Summary

- **Overall Experience:** 8 Years 5 Months as Full Stack .Net Developer.
- **Extensive Development Experience:** Hands- on experience in designing, developing, and testing web applications using the Microsoft .NET framework and SQL, following Agile/ DevOps methodology.
- **Microsoft Technology Proficiency:** Expertise in Microsoft technologies including C, ASP.NET MVC, ADO.NET, Entity Framework, LINQ, Rest API, Web Services, Web API, IIS, .NET Core, and Microservices.
- **Client- Side Technology Expertise:** Skilled in client- side technologies such as JavaScript, jQuery, Angular, ReactJs and NodeJs enhancing user interface and interactivity.
- **Rest API Development:** Experienced in developing Rest APIs in .NET Core, contributing to the creation of scalable and interoperable applications.
- **Database Design and Development:** Proficient in designing and developing databases in SQL Server, including the development of stored procedures, triggers, and more.
- **Database Access Technologies:** Entity Framework, LINQ, LINQ to objects, ADO.NET.
- **Application Design and Methodologies:** Capable of designing applications using UML, Use Cases, and Design Patterns, with a strong understanding of Agile methodologies.
- **Security and Authentication:** Knowledgeable in authentication and authorization using Active Directory, OAuth, JWT, and integrating login with third-party providers such as Facebook, Google, UAE PASS, and Smart Pass.
- **Cloud Solution Implementation:** Familiarity with deploying and implementing cloud solutions using Azure.
- **Version Controls:** Experience with version control tools such as SVN and Team Foundation Server (TFS).
- **Quality Assurance and Testing:** Proficient in implementing error handling, exception management, tracing, and logging features, with a strong background in unit testing, integration testing, system testing, and performance testing.
- **Error Logging:** Good experience in Nlog, Log4Net, and elmah.
- **Reporting Tool:** Generated several Business and customer reports using Crystal Reports.
- **UI Technologies:** HTML, Bootstrap, and CSS.
- **Deployments:** Collaboration with internal teams and publishing applications in IIS and Azure App Services.
- **Teamwork:** Communication with team members and understanding goals.

Training/Certifications

Cloud Computing: Completed a certification program on Cloud Computing from Coursera Authorized by IBM

DevOps Essentials: Completed a certification program on DevOps Essentials from Coursera Authorized by IBM

Achievements

Best Performer:

Received Best Performer Certificate from the TAMM Abu Dhabi in 2023

Mission Completion:

Received Mission Completion Certificate from the TAMM Abu Dhabi in 2022

Appreciation:

Received an Appreciation Certificate from the Department of Municipalities in 2018 & 2021

Internal Projects

- Project Title:** ADSDI Website
Vendor: Trust Technical Services
Client: Abu Dhabi Systems & Information Centre (ADDA)
Technology: UMBRACO(CMS)
- Project Title:** Guest Management system
Vendor: iSpatial Techno Solutions
Client: Paying Guest
Technology: Asp.Net MVC 4, C#.Net, JQuery, MySQL Workbench, and Ajax
- Project Title:** AAM Tender Announcement
Vendor: Tech Mahindra Ltd Abu Dhabi
Client: Al Ain Municipality, UAE
Technology: Angular, C#.Net, ASP.Net MVC, jQuery and IText Sharp
- Project Title:** AAM ID Card Generator
Vendor: Tech Mahindra
Client: Al Ain Municipality, UAE
Technology: .Net Core, React, Rest API, MVC, IText Sharp and SQL

- Project Title:** TAMM - Abu Dhabi Government services (<https://www.tamm.abudhabi>)
Vendor: Ampersand Information Technology – LLC
Client: Department of Municipalities and Transport (DMT)
Technology: .Net Core, Microservices, ReactJs, NodeJs, and Kubernetes
- Project Title:** Tawtheeq Online Services (<https://mservices.dma.abudhabi.ae>)
Vendor: Tech Mahindra Limited
Client: Al Ain City Municipality (AAM)
Technology: .NET Framework 4.5, MVC, Rest API, jQuery, JSON, TFS, Azure, Angular, SQL, Bootstrap and CSS
- Project Title:** Ebdaa – Creativity and Innovation System (<https://ebdaa.dmt.gov.ae/>)
Vendor: Mustasharcom for Informatics Solutions
Client: Al Ain City Municipality (AAM)
Technology: Angular, .Net Core, SQL, Azure and Rest API
- Project Title:** Ticketing System ([Internal](#))
Vendor: Raqmiyat L.L.C
Client: Al Ain City Municipality (AAM)
Technology: MVC, SQL, JQuery, Bootstrap and CSS
- Project Title:** AAM Dashboard (<https://www.dmt.gov.ae>)
Vendor: Raqmiyat L.L.C
Client: Al Ain City Municipality (AAM)
Technology: React, ChartJS, .Net Core, SQL, Rest API and SQL
- Project Title:** SDI Dashboard (<https://sdi.gov.abudhabi/sdi/>)
Vendor: iSpatial Techno Solutions Pvt. Ltd
Client: Abu Dhabi Systems & Information Centre (ADDA)
Technology: ASP.Net MVC, Angular, jQuery, Oracle 12g, and LDAP
- Project Title:** Self-Service (<https://selfservice.dmt.gov.ae>)
Vendor: iSpatial Techno Solutions Pvt. Ltd
Client: Abu Dhabi Systems & Information Centre (ADDA)
Technology: ASP.Net MVC, Angular, SQL and LDAP
- Project Title:** eCubeApps (<https://www.ecubeapps.com/>)
Entity: iSpatial Techno Solutions Pvt. Ltd
Technology: C#, ASP.Net MVC, jQuery, AJAX, AngularJS, NHibernate and MySQL
- Project Title:** eCube Software (<https://www.ecubesoftware.com/>)
Entity: iSpatial Techno Solutions Pvt. Ltd
Technology: C#.Net, ASP.Net, JQuery, AngularJS, and MySQL
